Opening of Synod

In these days, the Catholic Church throughout the world and in Ireland is beginning a series of conversations about what God wants of his people at this time. These conversations are often referred to as a Synodal Process. "Synodal" comes from a Greek word which means "walking together".

On Sunday 17th October we mark the opening of this Synodal Process entitled, For a synodal Church: communion, participation and mission. This Synodal Process coincides with the start of the two-year Synodal Pathway for the Catholic Church in Ireland which will lead, in time, to a National Synodal Assembly in Ireland.

We pray that the next two years will be a time of prayer, listening and discernment, involving a consultative conversation. This will allow all people - both within the Church and in society at large, to share their insights into the Catholic Church in Ireland – past, present and future – so that we can prepare for a National Synodal Assembly in the coming years.

Text Scams:

Recently, there has been an Increase in reports of Text Scams in the Knock Area. If you receive a text message from a delivery company, Financial Institution or other such business, verify their phone number by ringing them rather than clicking on any links attached.

These text scammers are using a 'hyperlink' to bring their unsuspecting victim to a fake website. Hyperlinks are a blue coded text attached to the text. The advice from An Garda Siochana is never to click on this blue link unless you are happy that it is safe to do so.
